

Term 5 – FOUNDATION

Curriculum Newsletter

April 2018

Dear Parents / Carers of «Name» («Reg»),

Term 5

Welcome back! We hope you had a lovely Easter break. This term we will be learning how we can keep healthy through exercise, keeping clean, healthy eating, relaxing and doing things that make us happy. Thank you to everyone who helped their child complete the 'My Healthy Diary' over the Easter break. This term, we will also be learning the story of 'The Hungry Caterpillar' and investigating the life cycle of a caterpillar. Look out for some real hungry caterpillars in each classroom soon! As usual our topic will be guided by the children's interests and the outcomes of our topic will be displayed on our train display outside Hedgehog class.

Reading

Please continue to share books and listen to your child read daily, this really does make a huge difference. We are working on talking about what they have read so please ask your child a couple of questions about the story to support their understanding of the text. Also please can you make sure reading diaries and tricky words are in school every day. If you hand in your tricky words without a slip (there are more slips outside Hedgehog class) please make sure they have a name on them, thank you.

PE shoes reminder

This term we will start to take the children outside for their PE sessions. This will mean that **your child WILL now need trainers** in their PE bags (as we mentioned in the letter at the end of Term 4). If girls are wearing tights on their P.E. day, please could they bring a pair of socks to change in to for the lesson.

Cooking

Thank you so much if you handed in £5 for your child's cooking money contribution. We are very grateful for your support. If you still have not contributed to this fund, it's not too late – any donation, however small, would be gratefully welcomed! (Also some parents have mentioned that they couldn't remember if they paid – we have a list if you would like to double check.)

Cake day money
