

**Our Child & Family Support Worker is here to support ALL children, parents, carers and families**

I could do with some information on....

I need to talk to someone but I'm scared.....

She won't do anything I ask, what could I do differently???

I'm going through separation, how can I help the children cope?

My child has friendship problems....

*Parents and carers are the most important people in a child's life and there may be times when family life can be challenging and difficult for parents, carers and children. The Child & Family Support Worker and the management team at Christ Church School are here to support you, so that we can all do our best for your child.*
